

The sleek lines and impeccable finish of this single side lever bidet mixer completes and complements the bidet and blends in seamlessly with the rest of the brassware in the collection. The mixer maintains the bold, contemporary look of the tap, which is fitted with a water-saving cartridge that reduces consumption thanks to the Smart Flow system.

This element is made truly unique by its Hide-Tap design, which fully conceals the bidet brassware under the cover. When installed alongside the WC, the two pieces appear identical, providing this area of the bathroom with a wonderful sense of order and elegance.

The bidet mixer is compatible with the following bidet of the Island collection (Ref. A357765..0).

This contemporary tap set is available in four finishes: shiny Chrome creates a fresh, modern look; warm Greige lends a discreet, sophisticated air; the Nero finish adds a bold, contemporary feel; and Brushed Steel brings a unique, industrial finish to the bathroom space.

Application place: Bidet
 Flow rate (l/min - 3 bar): 7
 Installation type: Built-in
 Pop-up waste

Colours and Finishes

How to obtain the reference number
 Replace the “..” with the desired finish code from the list below

	C00 Chrome
	VC0 Greige
	VG0 Nero
	VS0 Brushed steel
