

Create a sophisticated focal point above Armani/Roca Baia collection compatible basins (Ref. A3270C1..0, Ref. A3270C3..0 and Ref. A3270C7..0) with this wall-mounted 3-hole basin mixer (180mm spout), that is the height of elegance and understated luxury. Every tap features the exclusive Armani/Roca lettering to indicate hot and cold, enhancing the sophisticated ambience in the beauty area. Select one of our three finishes:

Greige, a balance between grey and beige, is a leitmotif in Giorgio Armani's creations and is considered by many to be the ideal shade in interior design. Brushed Steel adds a discreet, sophisticated feel in an elegant twist on an industrial ambience.

Chrome finish enhances the fresh, classic look in any bathroom space, and each piece has been treated with Roca's exclusive Ever shine® to ensure permanent shine.

Both the Greige and Brushed Steel finishes have been treated with PVD technology, a state-of-the-art process that bonds the finish to the tap to creating durable brassware surface.
