

# IN-TANK Meridian

A new integrated WC concept.

BATHROOM  
SOLUTIONS FOR  
TODAY & TOMORROW

**Roca**

A close-up, black and white photograph of several bamboo stalks. The stalks are vertical and show their characteristic segmented structure with nodes. The lighting is dramatic, highlighting the texture of the bamboo and creating strong shadows. A semi-transparent grey rectangular box is overlaid on the right side of the image, containing the text.

# In-Tank Meridian

A new integrated WC  
concept.

Roca revolutionises the world of the bathroom with the **In-Tank** system that, for the very first time, integrates the cistern in the WC itself. Simplicity, elegance and ease of installation all come together in a single product. **In-Tank** marks the beginning of a new era in the world of the bathroom.

# In-Tank Meridian

The first system that integrates the cistern in the WC itself.

02

The new-generation **In-Tank Meridian** WCs do not require the installation of either cistern or flush plate to be fully operational. The WC itself incorporates an integrated tank and flush system.

Its innovative formal aesthetics set new trends in the classic concept of the WC, taking another bold step towards the future.

**The In-Tank Meridian** forms part of the extensive **Meridian** bathroom collection.

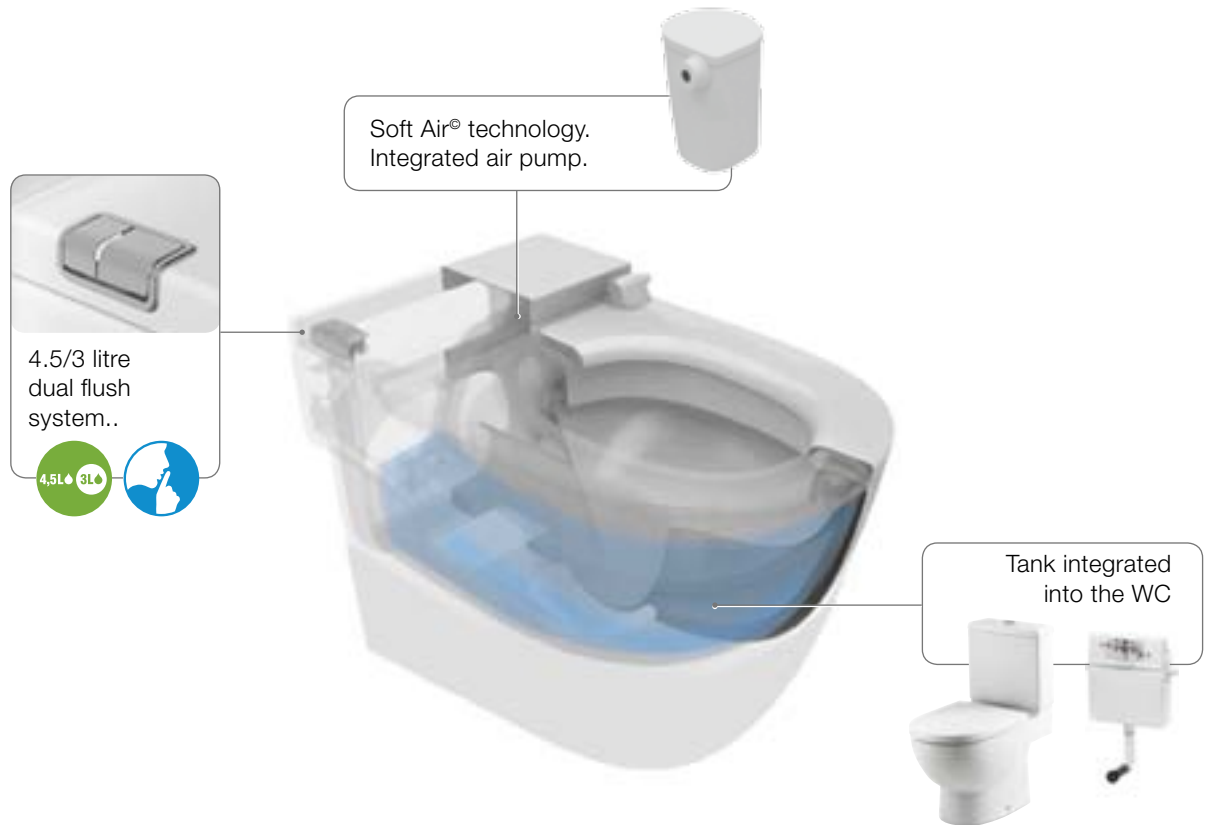

WC: Wall-hung In-Tank Meridian. Basin and furniture: Meridian collection. Faucet: Esmal. Accessories: Select.

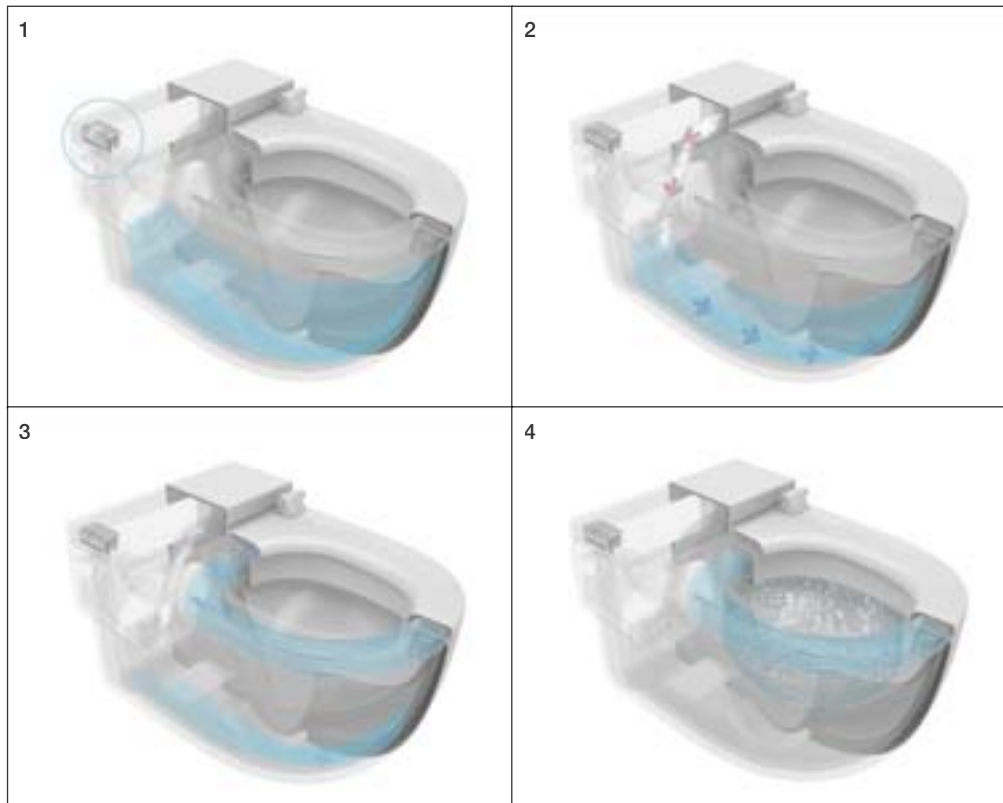

WC: In-Tank Meridian. Basin and furniture: Meridian collection. Faucet: M2. Mirror: Luna.

# System elements

04 d

Roca has created the new **In-Tank** system, which integrates the cistern into the WC. Its Soft Air® technology ensures an optimal, silent flush: it consists of an air pump that pushes the water from the tank to provide the dual 4.5/3 litre flush.

#### How the In-Tank system operates

1. Choose the desired flush and press the button.
2. The air pump, with its Soft Air<sup>®</sup> technology, is activated and emits a flow of compressed air, pushing the water from the internal tank.
3. The water rises up to provide a flush, expelling the selected volume of water from the internal tank.
4. The internal tank refills until reaching its optimum water level.

**In-Tank Meridian**, with its compact, rounded lines, makes installation easier and avoids the visual impact of an external cistern.

It is the new generation of integrated WCs: all the components required by the WC form part of it.

**In-Tank Meridian** allows for the elimination of the concealed tank and the flush plate, thus simplifying installation enormously.

WC: Wall-hung In-Tank Meridian. Accessories: Select.

WC: In-Tank Meridian.

### Design

We surround ourselves with the world's finest architects and designers, such as Chipperfield, Moneo, Schmidt & Lackner, Herzog & de Meuron... We want to offer a design that will make your bathroom a unique space.

### Innovation

We have our own Innovation Lab where we experiment every day with new ideas, designs and materials, with the sole aim of enhancing your bathroom experience and providing solutions to make your everyday life more comfortable.

### Sustainability

We love our planet and we prove it every day. This is why our products have advanced water- and energy-saving devices that permit a balanced and sustainable coexistence with our environment.

### The Roca Guarantee

Every one of the products we sell complies with all specific European regulations. We offer you the finest product with the best guarantee. Our goal is your total satisfaction.

The quality of Roca products has been acknowledged throughout the world.

- 2011** ■ **XAVER 2011.** "The Wave", the space presented by Roca at the last 100% Design London exhibition, has been honoured with the award granted by the Expo+Event Swiss Association.
